FOR IMMEDIATE RELEASE:

**E-Z PACK HOLDINGS, LLC, DONATES FRONT LOADER**

Donation to Help Raise Funds for the Environmental Research and Education Foundation

**Cynthiana, Ky. (March 26, 2007)** - E-Z Pack Holdings, LLC, is continuing its tradition of donating a Hercules commercial front loader refuse body to the Environmental Research and Education Foundation (EREF). The E-Z Pack front loader body will be mounted on a Mack MR chassis and the completed unit will be auctioned Wednesday, May 9, 2007 at the WasteExpo in Atlanta, Ga., during EREF's 13<sup>th</sup> Annual Equipment Auction.

Since its inception in 1996 more than \$7 million has been raised from the auction to support the work of the EREF which is to develop and evaluate new approaches to managing solid waste and serve the public good. It is the largest charitable auction in the United States.

"E-Z Pack's Board of Directors is committed to the waste industry and continuing to provide support to the communities our products serve," said Phil Daetwyler, president and CEO of E-Z Pack Holdings, LLC.

E-Z Pack representatives will be available to answer questions about the front loader at the WasteExpo, May 7-10. Or to find out more information about the front loader and other E-Z Pack products, contact Philip Daetwyler at 859-234-1100.
